HIPAA Reporting: Making the Right Call

We know you work hard to make sure patient privacy is protected. But from time to time, team members encounter HIPAA concerns without knowing where to turn. In the past, they have reached out to many areas of the organization, including managers, Human Resources, the compliance team, Mary Lou Strock, the anonymous hotline, or Daily Safety Check. However, to streamline the process, please make compliance your first and only point of contact for HIPAA concerns.

You can reach the compliance team several ways:

Chris Kuhlmann at (269) 985-4600 or ckuhlmann@lakelandhealth.org

Brian Woodworth at (269) 985-4501 or bwoodworth1@lakelandhealth.org

Anonymously at (800) 325-6115 or <https://lakelandhealth.ethicspoint.com>

The compliance team will route your concern to the appropriate area so that it is evaluated as quickly and efficiently as possible.

Thank you for all you do to keep our institution HIPAA compliant!
